

CHICAGO OIL PLANT
IS LAID IN ASHESSHORT BUT FIERCE FIRE RAGED
LAST NIGHT.

The Works of the Crescent Linseed Oil Company Were Fatally Destroyed Entailing a Loss of at Least \$75,000—Farm Houses Laid Low—Iowa Village Nearly Destroyed.

Chicago, Oct. 23.—The works of the Crescent Linseed Oil Company, at Division street and the Chicago & Northwestern tracks, were totally destroyed by fire last evening between 6 and 7 o'clock. The loss is estimated by Robert Bartels, secretary of the company, at \$75,000 on machinery and building and \$25,000 on linseed.

The west wall of the building fell and crushed a two-story frame building occupied as a grocery store by Frank Jajusch, and as a dwelling by the families of Joseph Buzalski, Alexander Sokofski, W. Warzkowski and Joseph Ginter. No one was hurt. Secretary Bartels, of the Linseed Oil Company, says his company's loss is nearly covered by insurance.

The flames were discovered on the second floor of the four-story brick building occupied by the Linseed Oil Company, a few minutes after 6 o'clock. Across the Northwestern tracks are the works of the Chicago Gas Light and Coke Company, and directly opposite, on Division street, are extensive manufacturing plants. This, together with the inflammable nature of the contents of the building, made it necessary to send in second and third calls for apparatus. With the fifteen engines and two fire boats which were thus summoned the fire was confined to the building in which it originated.

The flames went through the building with a rush. In an hour the roof fell in and both the east and west walls fell out. The east wall fell on the Northwestern tracks and for three hours no trains passed Division street. A portion of the wall also fell on Division street, and broke the trolley wire. Traffic was stopped on the Division street line for several hours. The live wire fell on the street and caused the crowd to scatter, but no one was injured.

The firemen had seen the danger to the occupants of the two-story frame house at No. 62 Division street. The building stood close to the wall, and there would be no escape for the inmates if the wall fell. Firemen and policemen warned the occupants, and they were soon in places of safety. Jajusch's grocery store was on the first floor, and he lived, with his wife and seven children, in the rear. In the second story lived Alex Sokofski and Joseph Buzalski, while the basement was occupied by W. Warzkowski and Joseph Ginter. They were none too soon in leaving the building, and had time to save only a few of their possessions. A barn and coal sheds in the rear of the house was also crushed. The Crescent Linseed Oil company is incorporated, with a capital stock of \$100,000. The president of the company is Charles Seegar and the secretary is Robert Bartels.

Secretary Bartels said last night whether the works would be rebuilt would not be determined until a meeting of the stockholders had been held. A large quantity of linseed was put in the building within the last few days, and yesterday the quantity in storage amounted to 100,000 bushels. The origin of the fire is not definitely known. The supposition is, however, as the flames broke out on the second floor, where the linseed is stored, that they were the result of spontaneous combustion.

New Jersey Farmhouses Damaged.
Egg Harbor City, N. J., Oct. 23.—Another large and destructive forest fire started in the heavy timber land between this city and Green Bank, and has been raging fiercely without any signs of abating. Several buildings which are located in the fire's course are greatly damaged, and a number of anxious farming people went out to fight and check the flames. It burned over an area of two square miles, destroying many acres of valuable timber, besides damaging fruit orchards.

Iowa Village Nearly Destroyed.
Storm Lake, Iowa, Oct. 23.—About 1 o'clock yesterday morning fire broke out in a meat shop on the west side of Main street at Alta, Iowa. By 4 o'clock the entire block was in ashes, including the fine Clarkson opera house block built two years ago at a cost of \$20,000. Fourteen buildings were burned, and the loss will reach nearly \$100,000, with insurance less than one-fourth.

Republican Committee Call.
New York, Oct. 23.—Chairman Thomas Henry Carter will in a day or two issue his call for a meeting of the republican committee in the first week of December. The national convention will meet within ten days after May 23, 1896. Senator Carter, General James S. Clarkson and W. M. Hahn met last night at the Holland hotel and consulted about the wording of the call, a rough draft of which Senator Carter has drawn up. The call was formal, and will not attempt to outline a party policy.

Episcopal Convention Is Closing Up
Its Business.

Minneapolis, Minn., Oct. 23.—At the opening of the closing session of the house of deputies of the Episcopal convention yesterday Rev. Dr. Elliott of Washington gave assurance of the welcome that would be accorded the next convention by the new diocese, although he admitted that Minnesota has been hospitable beyond compare. The two houses met in joint session in the afternoon as the final act of a very busy three weeks' session. The pastoral letter prepared by the bishops was read by Bishop Littlejohn, of Long Island. In discussing church unity, the bishops are not hopeful of immediate or general results save in the spreading of sentiment for unity throughout Christendom. The bishops complain of a lack of self-sacrificing men to spread the faith in foreign and heathen lands. The woes of the sister church in Armenia are sympathized with. The spirit of unrest in the land is commented on, and the remedy for it is declared to be accessible through the church.

MAY COME TO TIME.

Prospects for a Meeting Between Corbett and Fitzsimmons Improve.

Hot Springs, Ark., Oct. 23.—There are fairly good prospects at this hour for a fight between Corbett and Fitzsimmons under the auspices of the local club and for a \$10,000 purse. After a decidedly peppery conference between Brady, Julian and Corbett, in which the big fellow called Fitz a cur and a coward, he left the room with the avowed intention of giving up the whole affair. After this Julian bethought himself that his man was getting the worst of the public comment and he made an offer to fight Oct. 31 for \$10,000, provided Stuart's club had nothing to do with it. Later he accepted the offer of a \$10,000 purse from Jack Dalton and went to Spring Lake to renew his negotiations with the champion. On the result of this hinges the battle. Corbett is disgusted with the whole affair, and declares he will leave the prize ring for good.

OLNEY MAY RETIRE.

Unconfirmed Rumor of a Disagreement with the President.

Washington, Oct. 23.—Owing probably to the fact that Secretary Olney did not go to Atlanta with the president yesterday, a rumor is afloat that Mr. Olney is contemplating retirement from the cabinet. The alleged excuse for this is a supposed disagreement between himself and the president in regard to the foreign policy, especially with reference to the Venezuelan matter, in which the rumor says that Mr. Olney favors a more vigorous course than does the president. The rumor, however, is entirely unconfirmed, and owing to the absence of Mr. Olney and President Cleveland, as well as all members of the cabinet, it is impossible to obtain any definite information which will confirm or disprove it.

Masons Meet at Washington.

Washington, Oct. 23.—The supreme council of the Ancient and Accepted Rite held its biennial session at the temple on Third street yesterday. The entire session was occupied by the consideration of the report of the committee on revision of statutes. Grand Commander Caswell's allocution states that the order is in the most prosperous condition and that its foreign relations are of the most pleasant character. A three days' session of the supreme council, thirty-third degree Masons, for the United States of America, was also begun in Scottish Rite hall. The annual address showed that the order is in a flourishing condition in all parts of its jurisdiction, which includes every portion of the United States. The council will elect a sovereign grand commander to succeed the late John J. Gorman.

Stricken with Paralysis.

Washington, Oct. 23.—Ex-Senator Van Wyck, of Nebraska, who is temporarily in the city, accompanied by his wife and daughter, suffered a stroke of paralysis yesterday. Since then he has been in a semi-conscious state, being unable to speak or recognize those about him. As this is the second stroke suffered by the ex-senator, owing to his advanced age, 70 years, his physicians hold out but little hope for his recovery.

Many Small Strikes Settled.

Springfield, Ill., Oct. 23.—The strike at the Woodside Coal Company's mine, south of this city, has ended by the striking miners, seventy-five in number, going to work at the operators' terms of 35 cents per ton, gross weight. The Riverton Coal Company, at Riverton, twelve miles east of here, have acceded to the miners' demands for 40 cents, gross weight. With three exceptions, Starnes, Sangamon and Woodside mines, all mines in this district are now paying 40 cents, gross weight. The strike at the Coffeen company's mines at Murphysboro resulted in the operators giving the miners' price of 40 cents. Two hundred men were involved.

CASES NOT SIMILAR

THE AMERICANS SAY

URUAN AND CORINTO INCIDENTS DIFFER.

Venezuelan Situation Aply Summed Up By Uncle Sam's Diplomats—Boundary Line Must Be Determined—Foster Talks on Cuba and Says Her Chances Are Good.

Washington, Oct. 23.—Great Britain's radical steps on the Venezuelan question continue to excite the liveliest interest in official and diplomatic circles. Some of the latest reports from London cause comment and criticism among officials here. One of these statements attributes to Ambassador Bayard the declaration that the Uruan incident is independent of the boundary question, and that the United States can take no part in the former incident. It is pointed out here that the two questions are inseparably connected. The Uruan incident is based on a claim that the Venezuelans arrested Sergeant Behrens, of the British constabulary, on British soil, and that this indignity must be repaired. The Venezuelans claim that it occurred on Venezuelan soil. The gravity of the case depends on ownership of the territory where the trouble took place. It is, therefore, considered to involve the entire territorial question, although it is a specific incident arising in the disputed territory. Great Britain demanded and obtained an indemnity from Nicaragua on the ground that her national honor had been outraged by the summary expulsion of her representative, although the latter was only a humble consular agent. The United States contented itself to stand aloof on this occasion, on the theory that a nation had a right to redress an insult. But in the Uruan affair it cannot be maintained for an instant that the British government has a right to demand redress for the arrest of its officials unless it shall be first established that they were within British territory, and thus the whole issue is raised as a preliminary. If these officers were in British territory, then Venezuela must apologize and make any further reasonable reparation; but before she can be rightfully expected to do this, that fact must be clearly shown, and nothing but an agreement, amicable or enforced, upon the exact location of the boundary line can settle this point. Therefore, the attempt to shift the issue, involving, as it does, a prejudgment of the rights of Great Britain to territory claimed by Venezuela, is not likely to secure the countenance of our state department.

CUBA LIKELY TO WIN.

Opinion of John W. Foster, Ex-Secretary of State.

Washington, Oct. 23.—The interest taken in Spain in the policy and purposes of the United States toward Cuba is indicated by the arrival here of Senor Tesifonte Galligo, a special correspondent of El Heraldo de Madrid, one of the leading papers of the Spanish capital, who comes for the purpose of canvassing the sentiment among leading public men here. Senor Galligo sought to secure an interview with President Cleveland and Secretary Olney, but did not succeed, owing to the departure of the former for Atlanta and the engagements of Mr. Olney. Later Mr. Galligo found Mr. John W. Foster, who was United States minister to Spain, the negotiator of the last treaty with Spain, and, later, Secretary of State in Mr. Harrison's cabinet. Mr. Foster said that he was out of politics, so that he had no information as to the policy of this government, but added:

"It is my personal opinion that, if Spain does not succeed in terminating the insurrection by next spring, when the dry season closes, she will be confronted with the grave danger of losing the Island of Cuba altogether. By that time it will be difficult, if not impossible, to prevent the recognition by the United States of the Cubans as belligerents, for the American people are being awakened to the fact that Spain proclaimed her recognition of the southern confederacy within eight weeks from the day Fort Sumpter was fired on."

General Campos' Movements.

Havana, Oct. 23.—General Campos arrived on Oct. 16 at Jucaro, and left immediately for Ciego Avila. He remained there two days, leaving with 100 cavalry for an unknown destination. Some suppose that he has gone to Sancti Spiritus. The steamer Villaverde, which he uses as a private yacht, is now at Tunas.

DEATH BEFORE DISGRACE.

Fifteen-Year-Old Indiana Girl Commits Suicide.

Terre Haute, Ind., Oct. 23.—A 15-year-old girl preferred death to disgrace and ended her life by swallowing strychnine while on her way to school. She was Ella Duncan, daughter of John Duncan, a laborer. Mrs. Duncan, mother of the girl, said her daughter attended school in the morning and came home at noon in usual spirits. Before she started to school after dinner her mother gave her 5 cents to purchase candy. She used the money to buy strychnine, which she took while on her way to school. The parents blame a young man for the death of their daughter. They say that two weeks ago she confessed that he had ruined her.

FRANCES E. WILLARD
IS AGAIN CHOSENSHE IS ELECTED PRESIDENT OF
THE W. C. T. U.

Honor Was Bestowed Upon Her By the Unanimous Vote of the Delegates at the Convention at Baltimore—The Other Officers Chosen—Yesterday's Proceedings at the Meeting.

Baltimore, Oct. 23.—Miss Frances Willard was again elected president of the W. C. T. U. at the annual election yesterday, with practically no opposition, although complimentary votes were cast for several other prominent workers. Other officers were elected as follows:

Vice President at Large—Mrs. L. M. N. Stevens.
Treasurer—Mrs. Helen M. Barker.
Corresponding Secretary—Mrs. Katharine Lente Stevenson of Massachusetts.

Recording Secretary—Mrs. Clara C. Hoffman of Kansas City, Mo.
Assistant Recording Secretary—Mrs. Frances J. Beauchamp of Kentucky.

The day's proceedings were opened with devotional exercises conducted by Miss Elizabeth Greenwood. The venerable Mother Thompson, the original temperance crusader, offered a prayer. The report of the committee on credentials showed that 43 states were represented and that 425 persons were present and entitled to vote.

The vote for president resulted: Miss Willard, 361; Mrs. Louise Rounds, Illinois, 9; Mrs. Forbes, Mrs. Buell, Miss Ackerman and Mrs. Hoffman, 1 each.

At the conclusion of the ballot the vice president, Mrs. Stevens, took the chair and the recording secretary was instructed to cast the unanimous vote of the convention for Miss Willard.

The latter made a brief and feeling address, thanking the convention for the honor and referring to the long and pleasant period of association between herself and the members of the W. C. T. U. She also spoke of her recent ill-health and of the great benefits derived from her trip abroad. The balloting for other officers then proceeded, with the result mentioned.

The committee on resolutions made its report, and the convention took it up for consideration in sections. As far as adopted, it declares for total abstinence, favors devotional services, deprecates the practice of deriving governmental revenue from the liquor traffic, declares against the legalized saloon, and in favor of union on "the States Island basis," to battle with intemperance; re-affirms allegiance to the prohibition party; commends the action of the Atlanta commissioners in closing the exposition on Sunday, declares for unfermented wine at the sacrament, favors scientific temperance instruction in the public schools and affirms that the W. C. T. U. had never received any money for the indorsement of any school physiology; condemns bird-shooting tournaments, the use of narcotics, and lynching; favors female suffrage, and depreciates "the use of weapons in school drills as fostering a military spirit."

HAYWARD'S STATEMENT.

Tells All About the Recent Plot to Break Jail.

Minneapolis, Minn., Oct. 23.—Harry Hayward, the condemned murderer, has issued a formal statement to the public of some 4,000 words explaining the recently exposed plot to break jail. He admits that there was such a plot and describes it in detail. He maintains stoutly, however, that the whole thing was engineered by Deputy Sheriff Michael Kierce for the purpose of making money and making himself solid with the authorities. He says that all his dealings were with Kierce, who obtained the false keys to the cell and jail doors and outlined the whole plan to him. He admits that he "bit like a sucker," but shows Kierce up in a very unfavorable light.

Silly Rumor About Lord Salisbury.

London, Oct. 23.—The Chronicle recalls the old rumor that Lord Salisbury will withdraw from the premiership in favor of his nephew, Arthur J. Balfour, now first lord of the treasury, and mentions a report that the prime minister intends to relinquish the foreign portfolio in favor of Lord Dufferin, the British ambassador to France. The Chronicle admits that there may not be much truth in the reports.

DEFENSE HAS FINISHED.

Rebuttal Testimony Begun by the Prosecution in the Durrant Case.

San Francisco, Cal., Oct. 23.—At the opening of court yesterday the defense in the trial of Theodore Durrant announced that it had finished its case, and the taking of testimony in rebuttal was at once begun by the prosecution. The testimony of Dr. Gilbert F. Graham yesterday is considered by many to sweep away Durrant's entire defense. Graham, who is a medical student and an intimate friend of Durrant, told of a sensational interview that took place between himself and the prisoner at the county jail on April 20. Durrant asked him if he would let him see his notes of Dr. Cheney's lecture in order that he might compare them with his own. Graham demurred at first, after which he said Durrant stated frankly to him that he had no notes of the lecture. He said Durrant told him if he had the notes of the lecture he could easily establish a strong alibi for himself, and urged him to leave the notes with Mrs. Durrant in order that she might bring them to him at the prison. Dr. Graham said he refused the request, and never afterwards visited Durrant at the prison. From the present outlook the case will go to the jury not later than the close of next week, after having been on trial since July 22. Arguments will begin tomorrow. It is expected Assistant District Attorney Peixoto will open for the prosecution, and will be followed by General Dickinson or Judge Thompson for the defense. It is now believed that Attorney Deuprey will not again appear in the case, as his physician gives little hope of his speedy recovery.

'CAPTURE A ROBBER.

Masked Bandit Makes a Bungling Job of His First Attempt.

Harrisburg, Neb., Oct. 23.—A daring attempt was made Monday afternoon to clean out the Banner County bank, of this place. A masked robber entered the bank at about 4 o'clock and demanded the funds of Carlisle, the cashier. The robber had some difficulty in drawing his revolver from his belt, and Carlisle ran out of the side door, through his residence, and to the street. The citizens gathered, with guns, and as the robber came out they opened fire. After an exchange of two dozen shots, the robber, while running, was wounded in the leg by a rifle ball and surrendered. It was found that in his haste he had overlooked most of the bank's funds, taking only small change amounting to \$167. The prisoner's name is Graham. He is unknown in this locality, and it is believed that he is from the hills of South Dakota.

Burlington, Iowa, Oct. 23.—A terrific explosion occurred at 4 o'clock yesterday afternoon at Lomax, Ill., a few miles from here, in which John Holmes and James White were killed instantly and two others were cut and bruised. James White, a laborer, who was piling pickets in the drying-room, was killed by being driven into the pile of pickets in front of him. L. B. Coleman was badly cut about the head, and his body was bruised. A. S. McGee had his head cut in numerous places.

Minneapolis, Minn., Oct. 23.—Clough Bros., a lumber firm, and David M. Clough, Governor of the state, filed assignments yesterday to John F. Byers. This action is a result of the assignment of N. P. No statement of the firm's affairs is yet obtainable, but it owns considerable valuable pine land and has been gradually withdrawing from active business for some time. Governor Clough declines to make any statement of the matter.

WELCOMED TO ATLANTA.

Immense Crowd Gathers to Meet President Cleveland.

Atlanta, Ga., Oct. 23.—The seat of government may be said to have been transferred to Atlanta, for the city harbors the president, the vice-president, and six members of his cabinet, not to mention a long list of other dignitaries. At 4 o'clock yesterday afternoon the presidential special rolled into the Union depot. Ten thousand people had assembled in the vicinity of the station, crowding the streets as thickly as the space would allow and overflowing for several blocks in every direction. As the president's carriage, drawn by four white horses, dashed around the corner of the station, the crowd recognized his form, and a mighty cheer went up, which developed into a roar as the line of carriages sped rapidly up the street. At the Aragon hotel the party was made comfortable until 8:30 p. m. At that hour the ladies were escorted to the Grand opera-house, where they were the guests of Mrs. Hoke Smith at a box party. At 9 p. m. the president and cabinet officers sat down in the Aragon banquet hall to a dinner in their honor by Porter King, mayor of Atlanta. This morning at 11 o'clock the president will be driven to the exposition, where he will review the military and deliver a brief address and hold a public reception. In the afternoon he will be tendered a reception at the Capitol City club, and at midnight will leave for Washington.

THE LOCAL UNION HAS BEEN REVIVED

CHRIST CHURCH PARISH REORGANIZES THE SOCIETY.

Officers Were Elected and By Laws Adopted at Last Night's Session—Musical-Literary Society Have a "Chopin Program"—Cycling Club Plan Entertainments—Social Gossip

The "social union" that thrived twenty-five years ago, was revived by the members of Christ church parish at the meeting held at the Parish house last evening, and plans were made for the winter season. Dr. J. B. Whiting acted as president of the meeting and the following officers were elected:

President—Rev. A. H. Barrington.
First Vice-President—Dr. J. B. Whiting.
Second Vice-President—Mrs. George M. McKee.

Secretary—Mrs. J. L. Bostwick.
Treasurer—H. S. Sloan.
A constitution and bylaws were adopted, and the name "The Christ Church Social Union" was chosen.

Members of the parish and their invited friends form the membership. About one hundred were present at last night's meeting and a social preceded the business session. After Dr. Whiting had made a few well chosen remarks, Master Kramer Doty, son of Mr. and Mrs. E. P. Doty, sang a solo in a charming manner, and was enthusiastically encored. Miss Mae Bostwick played the accompaniment and the number was a delightful one. A piano solo by George Dower followed and after a finished reading by John V. Norcross the floor was cleared and Smith's orchestra took their places. Dancing was then indulged in and if the first meeting of the union is any criterion, the organization will be productive of much pleasure during the coming season.

A Novel Idea.

It is free, and deeply interests every body who has aches or pains, or who is weak and sickly. Anyone can learn the surest and quickest means to get strong and well by accepting that splendid free offer of the great specialist in curing nervous and chronic diseases. Dr. Greene of 35 West 14th St. New York City. He has established a system of letter correspondence through which all sick and suffering people can learn exactly what ails them, and how to get well, without expense and without leaving their homes. All they have to do is to write to the doctor, stating each symptom from which they are suffering, and he will answer their letter, explaining their case thoroughly, telling just what the trouble is and what to do to be cured. He gives the greatest care and attention to every letter and tells the cause of each symptom so plainly that patients understand instantly just what ails them. And all this costs nothing. It is a splendid opportunity for those who cannot afford the time or expense to go to the city. Dr. Greene makes a specialty of curing patients through letter correspondence. He is the most successful specialist in curing nervous and chronic diseases and is the discoverer of that wonderful medicine, Dr. Greene's Nervura blood and nerve remedy. Those who write to him can get cured.

RICE BOYS GUILTY OF FOWL STEALING

PLEADED GUILTY BEFORE JUDGE BENNETT.

Claimed that the Chickens Flew Into Their Wagon While They Were Traveling Along the Road—Tramp Robs His Partners of Their Stock In trade.

Charles and Clarence Rice pleaded guilty of chicken stealing in the circuit court at Monroe before Judge Bennett after setting up the remarkable defense that 164 chickens had flown into their wagon at night on a trip to Decatur, in that county to Rockford, Ill.

The men and their father have been regarded as professional chicken thieves. They started from Decatur in March 1865, with a covered wagon, and when they reached Rockford had 164 chickens which they sold to G. L. Reed who identified them. Many farmers between Beloit and Rockford missed their chickens and William Mevis, near Brodhead was the first to serve warrants on the prisoners. Their father, William Rice was also held to the circuit court for the same practice in the neighborhood of Old Decatur, but the case was dismissed for lack of evidence.

The Rice brothers were also said to have sold some of the stolen fowls here although no Janesville witnesses were summoned.

Robbed His Partner.

As Chief Acheson was making his usual morning rounds through the freight yards, two "hoboes" came from among a lot of box cars near the St. Paul coal shed, and said that they were robbed during the night by a "fellow hobo" who had been traveling with them. The trio have been working the town as umbrella repairers. Business got a little slack and the youngest one, who said his name was Andrews, quit the town, taking the tools and umbrellas owned by the partners. The chief gave the trio their choice of going to jail or to clear the town. They took the latter alternative and at once made for Afton via the St. Paul road.

The chief promised that if "their friend Andrews" was found to send him to Beloit where they could meet him near the "state line."

FRANK AGAN BEATS THE CRACKS

Robert J. John R. Gentry and Joe Patchen Defeated at Louisville.

When Janesville people saw Frank Agan win a heat from Fido by a nose in 2:09 at the Janesville track last July, they realized that the son of Mikeagan was a good horse. When they saw Joe Patchen pace a mile without a skip in 2:04 they realized that Patchen was a great horse. If anyone had hazarded the suggestion that Agan might beat Patchen, they would probably have been laughed at for their pains. But Frank Agan did beat Patchen, Gentry and Robert J. at Louisville yesterday, pacing in 2:05. Robert won the first heat in 2:07; Gentry the second in 2:05; and Agan the next three in 2:05; 2:07; and 2:09. Either Agan has come to the front at a phenomenal rate; the other three have gone back at an equally rapid gain, or else some tall jockeying has been done by the owner of the three "champions," with all the indications pointing to the latter solution.

STATUE "FORWARD" UNVEILED

Simple Exercises Marked the Event at Madison Yesterday.

Miss Jean Page Miner's bronze statue "Forward," the state's motto, which was erected in the capital park about a month ago, was unveiled at Madison yesterday and in spite of the chilly wind a crowd of 500 persons witnessed the ceremonies. The canvass tent which has covered the statue has been removed and in its stead the figure was draped in a large American flag, which was removed as Mrs. John Winans of this city, president of the Wisconsin world's fair commission, made a formal presentation through the governor, to the state, to which the governor made a fitting response. The statue is a bronze replica of the one in the Wisconsin building in the world's fair. Miss Miner is the daughter of a Madison clergyman, but now gives art instructions at Englewood, Ill.

Pickwicks Have Made Odd Men A Study

Very seldom does the peculiar shaped man have a perfect fitting suit of clothing. This fact is easily explained. In the first place heretofore the only way he could get correct shaped clothing was by going to his tailor and of course he would be obliged to pay a high price for his suit. It has been impossible for him to get a ready made outfit that covers his angular curves to any advantage. Pickwick system of tailoring is for these odd shaped men exclusively. The makers have studied hard to fit for years in order to place upon the market ready made goods that would fit any shape. Zeigler's large ad. of this evening will tell you more about it.

RENEW FAITH IN ANTI-TOXINE

A Local Doctor Surprised at Test Cases Made in Chicago.

A local doctor, who has just returned from a visit to Chicago, has more faith than ever in anti-toxine. He judges from recent tests made in that city. During the past few days there were forty-seven diphtheria patients treated under the direction of physicians attached to the City Health department. These cases were in the worst stages of the disease, and only one case was lost.

A Hard to Fit Talk.

A talk that has much common sense in it is that of T. J. Zeigler's on Pickwick clothing in his large advertisement on page 8. The matter is interesting and will bear thorough study. Zeigler is the exclusive handler of Pickwick clothing in Janesville. This system of tailoring is a new one to the clothing world and has proven to be high art from every point of view.

Take Care! There's Danger

In allowing inactivity of the kidneys to grow through neglect. The deadly shoals of Bright's disease and diabetes will wreck the goodly bark of health if it is allowed to drift rudderless upon them. The bladder, too, if inactive, and judicious medication does not speedily direct the helm toward the port of safety, will be whelmed by the quicksand of disease. By selecting a diuretic, let your choice fall upon Doan's Kidney Pills. Bitters, which stimulates the renal organs without irritating and exciting them, two effects to be apprehended from the unmediated stimuli largely reported to. These have a tendency to react prejudicially. The Bitters invigorate the kidneys and bladder, in common with the nerves and digestive organs, and so afford lasting aid. It also affords dual assistance in preventing and curing inflammation and renal fever. Biliousness, constipation and rheumatism it also subjugates.

There are many good reasons why you should use One Minute Cough Cure. There are no reasons why you should not, if in need of help. The only harmless remedy that produces immediate results. C. D. Stevens.

WHY COAL COSTS MORE HERE

'Black Diamond' Explains the Reason of the Lower Price at Rockford.

The Black Diamond, the official organ of the coal dealers of the country, says in its last issue: "We understand that the rates prevailing at Janesville, Belvidere, and Rockford are \$7, while at Rockford \$6.50 is the figure. Now we would like to put a flea in the ear of the Rockford coal dealers and to say that coal may be anywhere from 50 cents to \$1 more before the snow flies, and incidentally that neither the Rockford dealer or any dealers in the towns above mentioned are responsible for this. It is the inevitable outcome of the present conditions of trade."

MEN GROPE.

A WOMAN SEES THE LIGHT.

She Best Understands a Woman's Ills.

[SPECIAL TO OUR LADY READERS.]

How gladly would men fly to woman's aid, did they but understand a woman's feelings, trials, sensibilities, and peculiar organic disturbances!

Those things are known only to women, and the aid a man would give is not at his command. This is why so many women suffer.

Twenty years ago Lydia E. Pinkham gave to the world the result of her years of study in the form of her Vegetable Compound, a universal remedy for all female complaints.

She well deserves the title, "Saviour of her Sex." She saw the light of reason, and gave it to her suffering sisters.

All female diseases put forth their symptoms, such as nervousness, lassitude, pale-ness, dizziness, faintness, leucorrhoea, faltering steps, sleeplessness, bearing-down pains, headache, and consequent melancholy and blues.

Lydia E. Pinkham's Vegetable Compound has for twenty years saved women from all this. Hear this woman speak:—"Five years ago at childbirth I did not have proper attention. I became very weak; could lift nothing without bleeding from the womb, which was ulcerated badly. I was examined by a physician, and treated for a time, but was compelled to leave the city before I received benefit from the treatment. I decided then to give my medicine a trial. I improved rapidly on the first bottle of Compound, and now feel like a new woman. Ulcers have ceased to form on the womb as they did. I advise all women in any way afflicted with female troubles to take your remedies, and trust that my testimonial will be seen by friends who knew me when I was so sick, and that they may know I am now well, and that I owe it all to your Vegetable Compound."

THIS DAY IN HISTORY

1641—Uprising of the oppressed Irish; about 50,000 English were slain in a few weeks. The outbreak began in Ulster and extended to all parts of the island. Dublin narrowly escaped falling into the hands of the insurrectionists. A church authority declared the massacre "one of the most cruel and barbarous that have been recorded among Christians, both on account of its duration and the fury of those who were the authors of it."
1790—Anne Oldfield, famous actress, died in London.

1773—Francis Jeffrey, famous Scotch critic, was born in Edinburgh; died 1850. Jeffrey conducted the Edinburgh Review for 28 years. The famous poets of the period, Scott, Byron, Coleridge, Wordsworth, Moore and others, were severely criticised by him. After entering upon the duties of dean of the faculty of advocates he resigned the editorship, but continued to contribute to The Review.

1862—Friedrich Heinrich Wilhelm Gesenius, noted German oriental scholar, died; born 1788.

1872—Theophile Gautier, French dramatist and journalist, died at Paris; born 1811.

HOPES NOT FULFILLED

When you find a farmer who has profited by free wool make a note of it.

You can't find him in Rock county. It was the manufacturers who were to gain most, however. The benefit to farmers was to be incidental.

How about manufacturers, then? One of the largest woolen manufacturers in the country was interviewed by the Wall Street Journal a day or two ago. He said that about 33 per cent. of the woolen mills of this country had closed down and others were closing steadily. On the other hand, the mills in Leeds and Manchester, England, according to his reports, are working night and day.

He reports manufacturers preparing to work on light-weight goods for next spring and in the canvass for orders from merchants he finds that about three-fourths of the orders are going to foreign manufacturers on account of better prices offered in England. The change in tariff to advantage permits undervaluations so that competition here is out of the question.

He reports that the loss through this competition is five times greater than the good received from free wool.

MORE REVENUE NECESSARY.

Probably the incoming congress will be called upon to provide more revenue from some source. Governmental income will exceed outgo \$6,000,000 or \$8,000,000 in October. There was a surplus in September, and another is possible in November and December, but January which is always a month of heavy expenditures, is likely to wipe these slight excesses out. The treasury officials have been predicting that the government would more than make both ends meet in this fiscal year, but the failure of their estimates hitherto has destroyed the public faith in their prescience. It has also destroyed faith in the Wilson-Gorman tariff law as a revenue measure. As a measure for the protection of American workingmen nobody had any faith in it from the first.

A matter of fact way of treating prize fights is best. That special session in Texas was wholly unnecessary. for a prize fight is merely a breach of the peace which any governor—nay any policeman—has a right to stop. Does anybody think a special session would be necessary to stop a fight in Wisconsin—unless to be sure it were on Bates & Biglie's island in Rock river?

Won't Utah abuse her powers as a state? There seems to be an idea that the Mormon church is getting a stronger hold than ever on the affairs of the western commonwealth.

Tammany's registry in the "repeater" wards of New York is 31,000 short of last year. Frauds are no longer winked at by the police.

Even in Massachusetts, the home of the strong-minded, few women care to vote. Only 12,000 out of 100,000 have registered in Boston.

As soon as plans were made that threatened the gate receipts, the big prize fight faded into conversational fog.

A NEW DYSPEPSIA CURE.

Over 6,000 People in State of Michigan Cured in 1894 by this New Preparation.

Stuart's Dyspepsia Tablets, the new discovery for stomach troubles, is claimed to have cured over 6,000 people in the state of Michigan alone in 1894. These tablets have become so popular with physicians and people who have any form of indigestion that they have the endorsement of such physicians as Dr. Harlandson and Dr. Jennison as being the safest, most reliable remedy for sour stomach, chronic dyspepsia, gas, bloating, palpitation, headache, constipation, and in all cases where the appetite is poor or the food imperfectly digested.

It is safe to say that Stuart's Dyspepsia Tablets will cure any kind of stomach trouble except cancer of the stomach. They are not a secret patent medicine but composed of vegetable and fruit essences, pure pepsin, Golden Seal, ginger and the digestive acids. They are pleasant to take, can be carried in the pocket, and they cure because they digest the food promptly before it has time to ferment and poison the blood.

Druggists everywhere sell Stuart's Dyspepsia Tablets, full sized packages, at 50 Cents. A book on Stomach diseases and thousands of testimonials sent free by addressing The Stuart Co., Marshall, Mich.

HIS HEAD HURT HIM AND HE SUICIDED

THOMAS HANRAHAN FOUND
HANGING IN THE BARN.

Sturdy Farmer Who Had Never Before
Known a Day's Sickness Overcome
By Two Week's Suffering and An-
xiety—Coroners Jury Summoned to
Investigate the Affair.

Two weeks of sickness after a life
of perfect health drove Thomas Han-
rahan to suicide. He was taken sick
in his dooryard a week ago Sunday
and fell, striking his head. Since
then his head has pained him. Today
he ended it all by hanging himself.

Mr. Hanrahan was a thrifty farmer
living in the first house west from
the school for the blind. He was
sixty-one years of age, stalwart of
build and seldom allowed anything to
trouble him. After his sickness two
weeks ago he asked that Dean Mc
Ginnity be called. The dean advised
the calling of a doctor but nothing
serious was anticipated from the ill-
ness.

Relief did not come as promptly as
was expected. There were com-
plaints of pain in the head and dismal
prophecies about brain injuries. The
family did their best to assuage these
fears but did not seem to succeed.

He Arose in Good Spirits.

When Mr. Hanrahan arose at 5:30
o'clock this morning he seemed in un-
usually good spirits. He did the
morning chores and planned with his
wife about going to town in the after-
noon. Just before 9 o'clock he went
to the barn and Mrs. Hanrahan, who
went out a few minutes later, to let
in some chickens, found the door
hooked. She called, but got no re-
sponse, and going around the barn,
looked in a window. Her husband
hung from a rafter, dead. He had
made a slip noose of a small rope with
a ring in the end, and fastened it to a
rafter while standing on a box, and
then jumped off the box.

Mrs. Hanrahan called her son and
the rope was cut at once, but death
had ensued. The rope had done its
work quickly, for Mr. Hanrahan had
not been away from the house more
than ten minutes when discovered.

Justice Prichard was notified at
noon and summoned a coroner's jury
to view the remains after which they
adjourned until tomorrow morning at
9 o'clock.

Besides the widow, two daughters
and a son survive—Mrs. M. C. Collins,
of Fond du Lac and Miss Mary Han-
rahan and John Hanrahan of this city.

UNIFORM CHARTER WAS VOTED DOWN

DECLARATION AGAINST IT WAS
UNANIMOUS.

Provisions Regarding the Terms of
City Officers and the Right of the
Council to Make Changes at Will
Were Decided to Be Dangerous
—Report Monday Night.

By unanimous vote of the joint com-
mittee, the uniform charter was
"turned down" last night.

Two sections were found that no-
body would consent to, and the read-
ing went no further.

The sections were read in turn and
there was no question raised until the
provision as to the term of city officers
was reached. The uniform charter
gives each city official a one-year term
and retire all together. This was
seen to be very objectionable, as put-
ting all city business once a year into
new hands.

Section 26 of the general charter
gives the council the right to change
the term of any city official. This
met with unanimous opposition, and
was held by City Attorney McElroy to
be in all probability unconstitutional.
Six city officials are appointed by the
mayor under the general char-
ter—the city attorney, city clerk,
city engineer, street commissioner,
city physician and chief of the fire
department. With a council empowered
to change the terms of these men at
the mayor's plans might be frustrated
and partisan squabbles over appoint-
ments fiercer and fiercer.

Unanimous Vote For Rejection

A vote was taken on the sections
under discussion. It was unanimous
for rejection. After that there was
nothing left but to declare against
the adoption of the charter
and adjourn. If the charter is
adopted it must be adopted as a
whole and the voting down of one
section made further deliberation
useless.

Judge J. W. Sale presided over the
deliberations of the committee. The
other members were:

Citizens' Committee—J. P. Baker,
E. M. Hyzer, T. S. Nolan, Alex. Rich-
ardson and S. A. Chase.

Committee of Aldermen—Edward
Smith, S. C. Burnham, S. B. Heddles,
W. J. Hemming and E. R. Inman.

The committee will make its report
to the council next Monday evening.

CANARY'S CASE IS ADJOURNED

Shooting Scrape Will Come Before the
Court on November 6.

The case of the state against Wil-
liam Canary, was called in the munic-
ipal court this morning, and by con-
sent of the parties was adjourned until
November 6 at 2 o'clock p. m. Lane &
Franklin appeared for Canary, while
District Attorney Jackson took care of
the state's interests. Bail was fixed
at \$5,000, and in default Canary is
still in jail. Canary has had three
legal firms employed
since his arrest. Mahoney &
Cunningham appeared for him at first,
but afterward withdrew. Sutherland
& Nolan looked after his case at the
examination, but they too, withdrew.
Lane & Franklin now have charge of
the defense.

District Attorney Jackson this
morning filed an information against
Canary, setting forth the fact that it
was the defendant's second offense. It
read as follows:

"I, William A. Jackson, district attorney for
Rock county, Wis., do hereby inform the court
that on the 22d day of September, 1895, at the
city of Janesville, in said county of Rock,
and state of Wisconsin, William Canary, being
then and there armed with a dangerous weapon
to wit: a loaded pistol revolver, and upon one
John H. Sullivan, he said John H. Sullivan
in the peace of the state then and there being,
did unlawfully and feloniously make an assault
with the intent then and there feloniously
and unlawfully to kill and murder against the
said John H. Sullivan, to kill and murder against the
peace and dignity of the state of Wisconsin."

"That on the 20th day of November, 1897, the
said defendant, William Canary, was by the
circuit court for Rock county, Wisconsin, sentenced
to punishment by imprisonment in the state
prison of the state of Wisconsin, which sentence
now remains of record and unrevoked. Dated
Oct. 23, 1895. WILLIAM A. JACKSON, District
Attorney."

The penalty under this information
is from one to twenty-eight years.
The second offense charge was made
on the second complaint, it being the
one upon which the case is now in
court.

THE steam roller was put to work
today to finish out the rest of Frank-
lin street from Milwaukee street to
Wall.

HORSE MADE TO RUN BY THE NEW ROLLER

AND THE CITY IS NOW HELD
RESPONSIBLE.

O. G. Roberts, the Grocer, Claims \$75
Damage Because of the Injury Sus-
tained By His Delivery Outfit,
When the Machine Came Up the
Street Unharnessed and Unannounced

O. G. Roberts filed a claim for \$75
against the municipality with City
Clerk Badger this noon.

The steam roller was at the bottom
of it.

Mr. Roberts keeps a small grocery
store in the Nelson building opposite
the court house park on Main street.

In his claim he charges that the steam
roller caused his horse to run away,
and that the animal and the wagon
were damaged thereby to the extent
of the sum mentioned. He
claims that the roller gave no
warning of its coming, and that there-
fore the city is liable. The claim was
filed after he had consulted an attor-
ney.

The horse ran down Main street and
finally fell in such a way as to be un-
able to get up. Here it was caught,
and G. A. Shurtleff brought it back
to Roberts' store.

may not be such a big joke after all.

are worth seven dollars each, while
linen to the value of twenty-four dol-
lars, was damaged, so that he cannot
use it. At last accounts the sopho-
mores had promised to pay up all
claims.

JOHN E. HURST.

One of the Candidates for Governor of Maryland.

The accompanying is a portrait of John E. Hurst, nominee for governor of Maryland. He was born in Maryland in 1832, being the son of a wealthy farmer and preacher. John lost this parent when but 15, and his mother put her son in the Cambridge academy. In 1849 he removed to Baltimore and entered the employ of a dry goods firm a year later. Seven years afterward he started in business for himself, and the firm of Hurst & Co. soon became widely known. The house is now one of the largest in the importing and jobbing line. Mr. Hurst has long been one of Baltimore's most prominent citizens. He is a member of the board of trade, a director in several banks and ex-

president of the Merchants' and Manufacturers' association, and is reputed to be a millionaire. He has never held office and until now was never prominent in politics.

Dartmouth's Oldest Graduate.

Dr. Claudius B. Webster, for many years United States consul at Sheffield, England, and prior to that time principal of a young ladies' seminary in Norwich, Conn., is now the oldest surviving graduate of Dartmouth College, having been graduated in 1836 in the same class as ex-President S. C. Bartlett. Dr. Webster is now, on this account, president of the local alumni association in Concord, N. H. The venerable doctor's name was recently mentioned by the Boston Journal in connection with an interesting bit of history. In May, 1791, several young women of Atkinson, N. H., demanded and secured permission to pursue the same studies and use the same text books as the boys in the academy of that place. Among them was Elizabeth Knight, who not only struck a blow for co-education of the sexes more than a century ago, but afterward became the mother of three men who became prominent in various ways—John Calvin Webster, an anti-slavery agitator; Dana Webster, General Grant's chief of artillery at Shiloh, and Dr. Claudius B. Webster.

Owner of a Big Newspaper.

An interviewer who had a half-hour's chat with Joseph Pulitzer at Chatwold, his fine Bar Harbor place, describes the millionaire editor as an amiable and agreeable man, who talked without any appearance of restraint, and politely answered every question that was put to him. Mr. Pulitzer is a distinguished-looking man, fully six feet tall, and rather slender, with a reddish beard. He is several years under fifty, and it has taken him only twelve years to build up the newspaper property that now yields him an annual income of nearly one million dollars. In the popular conception a millionaire editor enjoys a life of ease, but in the newspaper profession Mr.

JOSEPH PULITZER.

Pulitzer is notoriously one of the hardest working journalists. The attention he gives to the World is as minute and careful as that of a managing editor. His country place at Bar Harbor, where he is spending the summer, is one of the show places of that resort.

"Tis distance lends enchantment to the view,
And clothes the mountain in its azure hue."

My Baby Is Cutting Teeth!
Be sure and use that old and well-tried remedy Mrs. Winslow's SOOTHING SYRUP for children. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

A Faithful Wife.

"Well, I've spent a very pleasant evening," said one emancipated woman to another, as she rose to go about ten o'clock.

"Just wait a minute till I put my hat on and I'll go part of the way with you."

"Oh, you needn't do that. It's entirely unnecessary."

"I was going out anyhow. My husband is spending the evening with Mr. Tiff, whose wife is away, and I promised to call for him about ten o'clock."

—Judge.

A Wise Youth.

Sly—Father (whose wife has presented him with twins)—Tommy, you may stay home from school to-day, and tomorrow tell the teacher that you have two new brothers.

Tommy—Wouldn't it be better to say that I have only one new brother? Then I can stay home a day next week for the other one.—Fliegende Blaetter.

Much of It Put On.

Most every city, so 'tis said,
With vice is sadly tainted;
Yet few of them are quite so red,
As what they have been painted.
—L. A. W. Bulletin.

A PERSEVERING MAN.

McTigue (in the chair)—Hold on there—you've had two trials and ye pulled the wrong tooth each time; now, be gob, I'll go to the blacksmith's and have it removed.

The Dentist—You'll stay in that chair till that tooth comes out. I'll get the right one if I have to pull every tooth in your head.—Truth.

More Truth Than Poetry.

Poet—Did you read the two poems I left here last week?

Editor—I did.

"Well, er—what—er—do you think of them?"

"The first one was dreadful simple, and the other one was simply dreadful."—Texas Siftings.

The Only Way to Do It.

"Get money out of old Skinphint!" exclaimed the collector.

"Yes," replied the merchant. "Why not?"

"Oh, I suppose it can be done," said the collector, "but it's no use trying a collection agency. Engage a hypnotist."—Chicago Evening Post.

Always in Bloom.

Little May—What kind of a blossom is a whisky blossom? Is it like a daisy?

Ma—What a silly question.

Little May—I heard Mr. Jones say that pa had the biggest gin blossom in the ward, and that it was a daisy.—Texas Siftings.

His Specialty.

Waiter (anxiously, as guest arises)—Hope you won't forget me, sir.

Hon. Gabe Perkinson (pompously)—Sir, I am a member of congress from Sawbuck district, Indiana, and I'm celebrated for remembering names and faces. I'll know you again if it's twenty years.—N. Y. World.

A Rising Man.

Parrott—Our friend, Dr. Beardsley, is becoming quite a fashionable physician.

Wiggins—Yes, indeed; where a couple of dollars' worth of drugs used to fix a case he now prescribes a trip to Europe.—N. Y. World.

Is the result of the usual treatment of blood disorders. The system is filled with Mercury and Fuchs remedies—more to be dreaded than the disease—and in a short while is in a far worse condition than before. The common result is

RHEUMATISM

for which S.S.S. is the most reliable cure. A few bottles will afford relief where all else has failed. I suffered from a severe attack of Mercurial Rheumatism, my arms and legs being swollen to twice their natural size, causing the most excruciating pains. I spent hundreds of dollars without relief, but after taking a few bottles of S.S.S. I improved rapidly and am now a well man, completely cured. I can heartily recommend it to any one suffering from this painful disease. W. F. DALEY, Brooklyn, E. R.

JANESVILLE, WIS., Oct. 23—The weather forecast for the next twenty-four hours is fair and warmer

GROSSMAN, MICHAELSOHN & CO. MAKERS-CHICAGO.

ARE YOU A HARD-TO-FIT?

THAT'S THE PICKWICK QUESTION---the question that every man who desires to wear proper fitting **right shape** garments should ask himself. It's the question which Zeigler asks of every man, old and young, who has the slightest difficulty about the fit of his clothing---it's the question that Zeigler asks of every particular-about-fit-man, who is sick of the kind of "fits" he has been putting up with---it's the question Zeigler asks of every man who believes that only the "tailor" can fit him.

Our **Pickwick right-shape Clothing for hard-to-fit men** has spoiled this "tailor" made-to-order delusion for hundreds of Janesville's best, hard-to-fit dressers---has saved them many a \$10 and \$20 bill---has proven our pre-eminence as Janesville's leading and most progressive outfitters.

The magic of the **Pickwick** fit---the art of the **Pickwick** tailoring---are the equal of the best efforts of the high-priced tailors---are superior by far to the cheap, "made-to-order" kind.

The **Pickwick** idea for hard-to-fit men represents the highest development of the tailor's art in ready-to-wear form---the result of scientific investigation. It's an up-to-date idea---such as is peculiar to the Zeigler clothing---and which makes Zeigler's the recognized head-quarters for all that is newest and best in male wearing apparel.

Mr. Hard-to-fit---if you are not wearing a **Pickwick** suit or overcoat, step in and let us prove what the "**Pickwicks**" can do. Even if not ready to purchase, we'll be glad enough to give you a pleasant surprise, such as we've given hundreds.
